Dear Sir/Madam,

VETERINARY REFERRAL FORM HEALTH CHECK FOR AGILITY TRAINING

Section One

The person handing you this form is either about to start training or has recently started training their dog, in the sport of Dog Agility. This entails running a dog at speed over a course of jumps and various pieces of climbing-type equipment.

It is a requirement of Blackthorn Dog Training that anyone training their dog in Agility, should have a periodic health check carried out to ensure the dog is fit enough to continue training and should bring this signed form to class as confirmation that their dog has been checked over and is fit enough to start/continue their agility training. If you have any queries, please contact me on the above telephone number.
